

Save up to \$3,000 per unit on commercial foodservice equipment

 **Start saving now!** High-efficiency equipment could help you save money by reducing your energy usage

With the **California Foodservice Instant Rebates Program** you could save on high-efficiency equipment for your business. Choose from a variety of qualifying products and get valuable Instant Rebates as a discount on your invoice – no paperwork, no waiting. **It's easy – here's how:**

- 1** Find a participating dealer at caenergywise.com/instant-rebates
- 2** Choose qualifying product
- 3** Receive an Instant Rebate on your invoice

Eligibility

Non-residential customers of SoCalGas®, Pacific Gas and Electric Company (PG&E®), Southern California Edison Company (SCE®) and San Diego Gas & Electric Company (SDG&E®) are eligible to receive Instant Rebates. Equipment must be installed in a non-residential location that receives natural gas and/or electricity service from one of the above utilities.

Energy Savings with High Efficiency

Major cooking appliances account for almost 35% of the average restaurant's energy expenditures. Efficient equipment could help decrease your energy use by as much as 75% compared to standard efficiency equipment.¹ High efficiency equipment uses less energy and water, which could reduce your utility bills.

¹Energy consumption for commercial kitchens based on Energy Star study: energystar.gov/sites/default/files/asset/document/ES%20Restaurant%20Guide%202017-2018%20v16.pdf. Actual savings may vary and will depend on various factors, including equipment installed, usage rates and so forth.

It's Easy
no paperwork
required

Valuable rebates are available on a range of natural gas and electric equipment for your business. For a full list of qualifying equipment, download the Qualifying Products List at: caenergywise.com/instant-rebates

Qualifying Equipment

Many common makes and models of commercial foodservice equipment qualify for the California Foodservice Instant Rebates Program. Qualifying equipment must be installed at a non-residential site that receives natural gas and/or electricity service from SoCalGas, PG&E, SCE, or SDG&E. The fuel type of the equipment being purchased must match the fuel type of your non-residential account with one of the above utilities.

Effective April 1, 2025
